EDUCATION

Bahria University Islamabad (BUIC)   **Class of 2025**

BS Computer Science

Beaconhouse Islamabad

O Levels - Computer Science

ABOUT ME

My passion for computers led me to pursue a degree in computer science, where I began exploring frontend development during my early years. Recognizing the fast-paced nature of the tech industry, I have Full-Stack development and LangChain on my radar as key areas to explore. Additionally, I regularly utilize AI-powered tools to enhance both my productivity and learning, ensuring continuous improvement in my work.

PERSONAL PROJECTS

- **AGENCY WEBSITE - LANDING PAGE**

  A fully responsive agency website built with React and Tailwind CSS.

  – Technology Used: React, Vite, Tailwind, Pre-built libraries.
